

CMC writing — our approach

How Freyr structures Module 3 and who writes what.

What we understood

- Two Phase 2 assets, one EMA filing planned inside the next four quarters.
- Regulatory strategy stays with Cortexa. Technical writing comes to us.
- The current Module 3 draft is the starting point, not a rewrite.

How the work is split

SECTION	WRITTEN BY	REVIEWED BY
3.2.S Drug substance	Freyr	Cortexa CMC lead
3.2.P Drug product	Freyr	Cortexa CMC lead
3.2.A Appendices	Cortexa	Freyr
3.2.R Regional information	Freyr	Cortexa RA

What happens next

- Cortexa sends the current Module 3 draft this week.
- Freyr returns a costed proposal by the 12th.
- A writing kick-off follows within five working days of sign-off.
